Are you trying to get someone's attention? Do you want to ask someone out on a date or tell him or her you love them? Try out this idea.

Take a helium balloon and write your message on two sides with a fat marker (since the balloon is likely to twist around). Take the balloon to their office or home and float it up to the window where they are most likely to see it. It will really impress them if they work on the 3rd or 4th floor. Bet you get that date!

This is also a perfect idea in case you are ever in the position where you need to say "I'm Sorry";
